Regular Attendance for Academic Success

As we return after the February break, we want to stress the importance of regular attendance in shaping your academic success and future opportunities. Each day in the classroom contributes to your understanding, growth, and mastery of subjects. Consistent attendance at school and college builds essential skills, reflects commitment, and sets the foundation for a strong work ethic – qualities recognised by employers and higher education institutions. Embrace every learning opportunity, as your dedication today opens doors to a brighter future.

Can all S6 students please complete the form regarding their plans for after school. We need to know the following information: if you have applied to any universities or colleges, which courses. have you received any offers, do you have any outstanding offers, have you applied for any apprenticeships, training or employment? Are you planning a Gap year etc.? This will also ask if you have a part time job.
